

Cardiff wants out of Haliburton chamber

Haliburton County Council may have to re-examine its financial commitment to the chamber of commerce now that Cardiff Township has asked to be excluded from the support base.

Cardiff passed a resolution on January 28 asking that its tax contributions to the county not be allotted to the chamber. Instead, the resolution says, the costs should be shared by those townships which benefit

Reeve says township receives no benefit from its contributions to county's chamber

from the chamber.

The chamber receives a large chunk of its operating funds from the county. The county's funding is generated through taxation, which means that Cardiff has also been contributing to the chamber.

Contacted Thursday, Cardiff Reeve Tom Elliot said his council feels the township derives no benefit from the Haliburton Highlands Chamber of Commerce. Located in the southeast corner of the county, Cardiff is more closely linked with Bancroft than with Halibur-

ton or Minden.

Traditionally, Cardiff has made contributions to both the Haliburton and Bancroft chambers. However, this year council has concluded the township gets the most benefit from membership in the Bancroft chamber and decided that's where the support should go.

Pay freeze handed to county staff

by Russ Duhaime

Haliburton County's management staff will not be getting a raise this year.

County Council met with its department heads last Wednesday to discuss their salaries for 1993. The outcome of this lengthy session was a zero per cent increase for 1993.

County Warden Chris Hodgson said the settlement applies to about 25 full-time employees and another 25 part-time employees.

Included in the wage freeze are the chief administrative officer, the economic development officer, the county engineer, foremen and office staff.

The warden said the freeze is a reflection of the hard economic times. "Times are tough and we felt we couldn't pass on any more of a burden to the taxpayers." On behalf of council, Hodgson thanked the staff for recognizing the economic situation and settling for no raise.

The only exceptions to the freeze are those employees whose probationary contracts will expire this year. The salaries for these employees will be adjusted according to their categories.

This settlement follows on the heels of zero per cent increase agreed to by the county's roads employees.

County employees represented by the Canadian Union of Public Employees are still negotiating their contract.

The negotiations with the nurses at Hyland Crest are in arbitration.

Kilts were swirling at the Minden Legion last Saturday as members danced to the wailing rhythm of bagpipes. It was Scot Night at the legion and the clans were out in full regalia for an entertaining evening of music and dance.

Police seek help: Area hit by series of thefts

Police are seeking information to help in the investigation of a number of break-ins and thefts which have taken place over the past few weeks.

More than \$50,000 in goods were stolen from a Snowdon Township home during a break-in sometime between January 2 and January 16.

Detective Constable Al Bibby is investigating the theft from the White Lake Road home of Helen Hukulak. Thieves broke into the home while

Hukulak was away and made off with a large assortment of items. The list of stolen items is so extensive that it fills three foolscap pages, he said.

Among the stolen items are Robert Bateman prints, silverware, a sewing machine, wine, Wedgewood china and camera equipment.

Anyone with information about this theft is urged to contact Bibby at the Minden OPP detachment, or to call CrimeStoppers at 1-800-563-8477.

Thieves were busy again early last Wednesday in Haliburton when five buildings were hit and an assortment of goods were stolen.

There was an attempted break-in at the Haliburton branch of the Royal Canadian Legion. Although some damage was done to the building, entrance was not gained.

More damage was done at Dr. Dowdall's optometry office where thieves entered in an attempt to gain ac-

cess to an adjacent convenience store.

The thieves were more successful when they hit Melissa Stephens Music Studio. Here they made off with music instruments, collectors plates, paintings and a photocopier. Among the instruments taken were a silver flute and a mandolin. The estimated value of the stolen goods is set at \$8,000.

More damage was done to Dr. Tapp's chiropractic office when thieves broke in and made off with a VCR.

Jones resigns from Hyland Crest

After three years as the administrator of Hyland Crest Senior Citizens' Home, Rheta Jones has announced her retirement.

Jones, who has worked through three difficult years at the home, notified county council last Wednesday during a lengthy closed session. She will be retiring at the end of June.

Contacted Thursday, Jones said she has enjoyed the challenges of her position and appreci-

ates all the support she has received from the members of county council. She said she feels as though she could continue on in the position, but with retirement age approaching she decided to give her notice.

"I'm doing fine and I'm having a good time," she said. However, she said the county has a policy on mandatory retirement and she wanted to retire before she is forced out by the policy.

County Warden Chris

Hodgson said the resignation was accepted with regret.

"We appreciate her service with Hyland Crest and her commitment to the community," he said. Hodgson praised Jones for her work at Hyland Crest, noting that she has done a great deal of extra work in relation to the various fund-raising efforts. "The needs of the residents have always been her top priority and we appreciate that."

Jones said she has

been toying with the idea for some time and finally made her decision on Tuesday. She discussed it with Hodgson and with Minden Reeve Bern Berry and took the opportunity Wednesday to tell the rest of county council.

By staying on until June, Jones is providing council with ample time to find a replacement. By June the contract negotiations should be concluded

and the county's budget will have been established.

The administrator position at Hyland Crest is a demanding job which takes a great deal of time and effort. Jones said she has enjoyed this challenge of the job and is not sure how she will adjust to a more relaxed lifestyle.

"Maybe I'll run for council," she laughs.

Earl Cooper led the march last Saturday as the Scots took control of the Minden Legion. The evening was a belated tribute to Scottish poet Robbie Burns. The Legion was packed as members joined in the dancing and activities of this celebration.

Council to protest against disentanglement process

Lutterworth council will be writing a letter in protest of the agreement reached on the first phase of the provincial/municipal disentanglement process.

"I can't find one issue in here that is good," councillor Lisa Mercer said in response to the agreement ironed out by the Ministry of Municipal Affairs and the Association of Municipalities of Ontario.

The agreement will have the province taking over full funding of the welfare system. In exchange, municipalities will assume the funding for certain highways and property assessment services.

"There's no benefit to it," said Mercer. "Let's ask for a rationalization as to how this is for the benefit of municipalities."

Disentanglement is supposed to come at no additional cost to municipalities. However, Deputy Reeve Jim McMahon said this agreement tells a different story.

"The feeling of county council is that AMO sold us out on it," said McMahon. "I don't know how it can not raise our taxes."

Councillor Maurice Boyd said this agreement may have an impact on the value of the township's industrial park site.

The property is located on Highway 121, which is one of the highways likely to be handed back to the county. Boyd said the value of the property will be reduced if it is not on a provincial highway.

Lutterworth councillors criticize county consultants

An initiative to hire a consulting firm to review the jobs and salaries of county staff was criticized by members of Lutterworth Council Thursday.

In his report on county council activities, Deputy Reeve Jim McMahon said the county is considering hiring a consultant to take an objective look at the county's management structure.

Councillor Bill Valentine strongly objected to this idea. He noted that management staff are not getting a raise this year, yet the county is willing to pay for

this study.

McMahon, who voted in favour of the study at a county personnel committee meeting, said it is necessary to correct some disparities in the pay scale of the county's employees. He said pay for management staff does not seem to be based on qualifications or experience.

McMahon estimated that the study will cost \$1,600. The county will decide at its next meeting whether it will approve this recommendation from the personnel committee.

Library gets large-print donation from Rotary Club

The Haliburton County Public Library has acquired over 125 new large print books as a result of a \$2,000 donation from the Minden Rotary Club.

The Rotary had donated the money in the fall of 1992 and the books have now arrived.

"It has taken us a while to select the books and get the best possible prices," county librarian Joel Levis said explaining the delay, "Not to mention process and catalogue the materials for general use."

While the books will be placed initially in the Minden library, they will be available to all users in the county through the InterLibrary Loan Service.

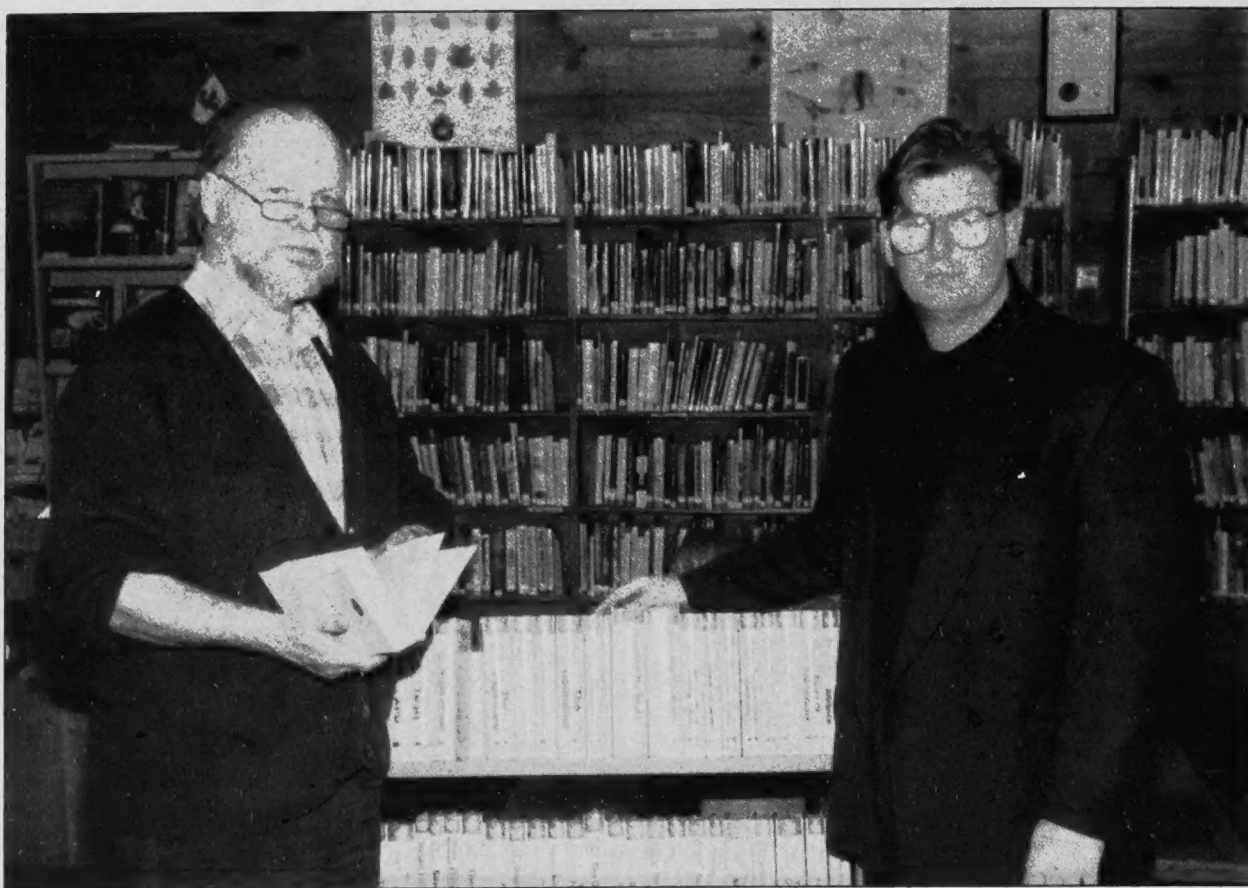

ice.

"The materials will serve to complement items already in place, providing our users with enhanced access to books that are popular, durable and featuring a large print format that can be utilized by anyone who is visually challenged on either a short or long term basis," said Levis.

While there are no restrictions on who can use the books, they are meant to be read by adults who have trouble reading small print or visually impaired people said Levis.

The books are colour-coded to make reference easier and quicker.

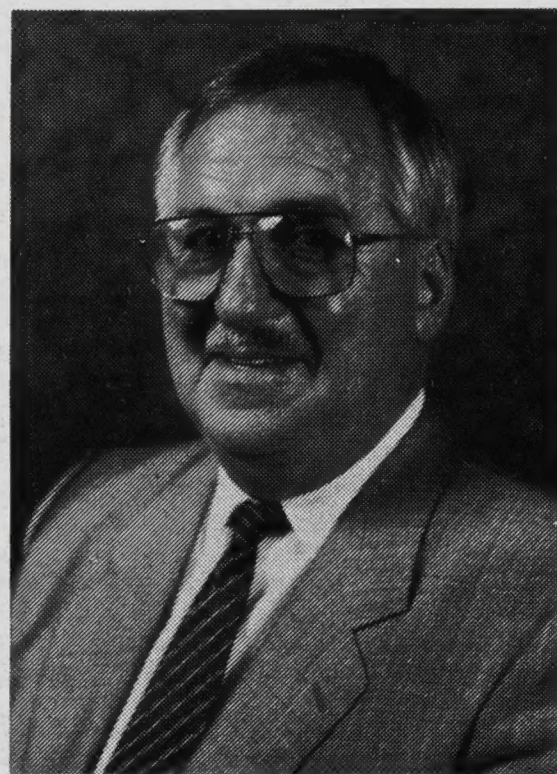

Such well-known titles as The Godfather are available.

Haliburton County's head librarian Joel Levis peruses one of the new books that were made possible by a donation from the Minden Rotary Club while club secretary Barry Cray shows some of the other titles.

"Part of funeral service is the opportunity to reach out to our community and assist people in a very special way."

A candid talk about funeral prearrangement with Gordon A. Monk.

Gordon A. Monk

"We want to help our community in any way we can. That's why we provide a place for grieving and grief recovery. We have the opportunity to take life's most chaotic moments and help restore serenity to broken lives.

"But we want families to avoid all this if possible. Our funeral prearrangement program is here to make a difficult time easier for families. In fact, it was started by requests from many of the people we serve. People who had experienced making last-minute arrangements and didn't want their family to

go through the same.

"To prearrange, all that's necessary is a written record of your wishes which we keep on file as a free service. Or you have the option to prepay for services and merchandise—thus easing financial burdens as well as emotional ones.

"If you would like more information on prearranging, please call us. Funeral prearrangement allows us to help you help your family in a very special way."

Studies and needs

It has been another busy week for municipal politicians throughout the county with several important issues on their plates. A few of these deserve comment.

Studies:*"What a farce"*

Lutterworth Councillor Bill Valentine hit the nail on the head with his letter condemning the costly use of consultants to carry out studies to prove the obvious. The request for \$100,000 to comment on a so-called trails network for the county is just money down the drain. Instead of hiring "experts" to tell us what we already know, wouldn't it make more sense to give a few of our many unemployed residents the job of producing something tangible that we can actually use?

Yet, while we generally oppose the hiring of consultants, there are times when it is necessary. The proposed review of the county's staffing structure is one such example. There appears to be some incongruity in the management structure that may need adjustments. However, the expertise necessary to carry out a thorough examination of responsibilities and qualifications is beyond that of most elected county members.

Chamber:

Cardiff Township's request to opt out of the funding scheme for the Haliburton Highlands Chamber of Commerce may be another serious blow to the chamber's struggle to survive.

Cardiff's move makes perfect sense. If the township receives no benefits from the chamber, its ratepayers should not be required to finance it. However, we have to wonder if this is the start of a domino effect that will ultimately crush the chamber as we know it. If Cardiff is allowed to opt out, other municipalities may demand the same. The result will be a dramatic decrease in funds available to this organization, which is already trying to make do with severely limited funds.

While we acknowledge Cardiff's concerns, we feel the timing for this move is inappropriate. The chamber is one of the few tools in this county capable of boosting the sagging economy. To limit its power with funding cuts at this time is self defeating.

Hurt of Burke's Falls hospital closure should teach lesson

Editor:

I hope the St. Joseph's Hospital Board will study the Burke's Falls situation before making a decision on the Minden Hospital.

From the reports I've read in the newspapers, the Burke's Falls' hospital closing was a big mistake that the residents in that area are paying dearly for now.

There is also a geographic

factor to be considered and that is the distance to a hospital from an accident on Highway 35. I'm sure our dedicated doctors and ambulance personnel will tell you how important time is when dealing with trauma.

My husband survived a heart attack due to the proximity of the Minden Hospital and the excellent care he received from the professional medical staff and Dr.

Dawson.

If I were to solicit stories from those whose lives have been saved, and those who have a better quality of life directly related to the care they received at Minden Hospital, the Post Office would have to hire a truck to deliver the load.

Sharon Sykes,
Hall's Lake

All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Minden Kinsmen deserve pat on the back

Editor:

February 14 to 20 is Kinsmen Week across Canada. It was on Feb. 20, 1921 that Kinsmen was funded by Hal Rogers in Hamilton. The Kinsmen Club of Minden was formed in 1956 and has served this community in many ways - often without recognition.

Although Kinsmen are recognized for one week in February, I feel they should be especially recognized in the town of Minden.

In the month of January they have

provided three weekends of ice racing and a winter carnival.

February should see four more weekends of ice racing.

The Kinsmen motto is "Serving the Community's Greatest Needs" and when we are in a recession what greater need is there than bringing added business to town for seven weekends?

Just a reminder, ice racing is a great spectator event and it is free. Please come and see for yourself any Saturday or Sunday in February.

Mark Lester

Consultants fees too high

Editor:

It seems the best way to make a fortune these days is to own a "consulting firm" with good connections. Any high school student with a county road map and reasonable hearing could do what the chamber is asking \$100,000 in funding, for little or nothing.

Mark Stagg and the chamber staff are better qualified than any of these firms. What a farce.

Yours truly,

Bill Valentine
Moore Falls

The new magic gas pills come to life

I remember the very first time I ran into the Tale of the Magic Pill. I was a spindly teenager working at my spare time job, pumping gas at a Fina station on the outskirts of a little town called Nobleton, Ontario. It was a lazy, dozy August afternoon and I was filling the tank of a rusty Ford pickup. The old guy at the wheel was scowling and grumbling at every 'ding' of the gas pump.

"Nine bucks?" the old guy wailed as he fumbled for his wallet. "Kid, I guess you know that if Detroit ever loses control of the pill, you'll be out of a job."

"Pill?" I asked.

The old guy went on to explain quite matter-of-factly how an inventor in Ohio - or maybe it was Wyoming - had come up with a magical chemical capsule. The pill was dirt cheap and if you threw it into a gallon of water - hey, presto! - you had fuel that your car could burn cleaner and more efficiently than gasoline.

"But of course General Motors got wind of the pill," the old guy told me. "They gave the inventor millions for the patent rights on his invention and then they buried it. Made the guy sign a pledge that he would never speak about his pill to anybody - especially the press."

That was pretty much the gist of the Tale of the Magic Pill. Sometimes it was Ford that paid the inventor off. Occasionally it was the big oil companies themselves. The details varied from

Black 'n White

by Arthur Black

narrator to narrator, but the nub of the story was the same: somewhere out there was a magic potion that could turn water into automobile fuel and save us all billions of dollars a year, but to protect their profits, dirty old Big Business made damn sure it never came on the market.

It was utter hogwash, but it was popular hogwash. It made a good story - especially for Reds-under-the-bed, Martians-in-the-White-House conspiracy buffs who seemed a lot more prevalent back in the Paranoid Fifties.

At least, the story used to be hogwash. A visitor to the Alternative Transportation Exposition held recently in Burbank, California might be forgiven for wondering if it hadn't finally come true.

At the Exposition visitors could sit in a Chevrolet Lumina that runs on a fuel distilled from garbage, beer sludge and cheese whey. Does it work okay? Well, the owner, Cindy Hasenjager of the California Renewable Fuels Council, says she's been driving the Chevy using nothing but the composted fuel for over a year.

Just a couple of car lengths from Cindy's display was a van owned by Leon Schumacher, an agricultural

engineer at the University of Missouri-Columbia.

Leon's buggy burns a mixture of soybeans and diesel oil. He says the fuel burns cleaner, is much easier on the engine and stretches mileage by as much as 25 per cent.

Best of all is the smell. Leon Schumacher's van exhaust smells like ... French fries. The fuel is a big hit at St. Louis airport where it's used in all the runway vehicles.

"A forklift operator told me 'We want it in all our vehicles. It smells reeeeeeal good,'" says Schumacher.

The best thing about the Alternative Transportation Exposition? Well, guess who the three biggest sponsors were.

Ford Motor Company, Chrysler Corporation and General Motors. They were in attendance to show off their prototype electrical vehicles, most of which are slated to be on the highways within the next few years. So much for the Magic Pill Conspiracy Theory.

Cars that run on electrons, garbage, beer sludge, soybeans, cheese whey

At the rate automotive engineering is hopscotching into the future, it won't be long before cars are running on nothing more than hot air.

Which will be exciting news for the nation's capitol. Ottawa could become the Detroit of the north.

Drainville blasts Bay Street bankers

MPP says closure of rural area banks a big mistake

Rural Ontario residents are paying the price for mistakes made by Bay Street bankers, says Victoria-Haliburton MPP Dennis Drainville.

Two branches of the Canadian Imperial Bank of Commerce in Victoria County were shut down last year and another two are in jeopardy. Drainville says these closures are directly linked with mismanagement at the larger branches.

In a letter to the Chief Executive Officer of the CIBC, Drainville says rural communities are "reaping the rewards of your blatant mismanagement."

Last year the bank wrote off \$1.8-billion in bad loans, largely linked to the collapse of Olympia and York. The result of these transactions, Drainville writes, has been to cut expenditures in the rural areas where profit margins are low.

The CIBC has already closed its branches in Kinmount and Kirkfield. The Woodville branch is slated for closure and Drainville says rumours indicate the Woodville's branch will follow suit.

"Such a policy can only be seen by those of us who live in the rural areas as either a frontal assault on the institutional integrity of our communities or as a shameful turning of your back on the people who entrusted their financial futures to you for scores and scores of years and thereby helped to make your bank

a profitable institution.

Rural branches are not to blame for the bank's problems, yet they are being sacrificed to correct mistakes made at the major branches, Drainville said.

"It is not the rural banks than have been a financial encumbrance but rather the 'Bay Street' set that have unwisely been bankrolling individuals and companies that should never have received such financial support."

Drainville says he has little confidence that the CIBC or other banks will begin dealing more justly with rural people. "Our only hope is to combine our efforts and our resources to take control of our future."

Supporting chamber called waste of taxes

(from page 1)

"Cardiff Township's economic centre is Bancroft not Haliburton or Minden," the resolution says. "Further support of the Haliburton chamber through its membership or its taxes is poor management of our ratepayers' money."

Haliburton County Warden Chris Hodgson said he doesn't know just

how county council will respond to Cardiff's resolution. The warden said he would like to meet face to face with Cardiff Council to find out the full range of their concerns.

"Maybe there are things we can improve."

Hodgson said the issue will have to be addressed by county council as a whole when it meets again on February 17.

Nominations sought for Ontario senior's award

Once again the provincial government will honour exceptional seniors with the Ontario Senior Achievement Awards.

Nominations are now being sought for the awards. Members of the public may nominate deserving individuals in their community.

Nominees must be 65 years of age or older and live in Ontario. They must have made a significant

contribution in one or more of the following categories: arts and literature, community service, education, environment and science, fitness, recreation and sports, humanitarian activities, preservation of history or volunteerism.

Deadline is April 15 and forms are available by calling 1-800-267-7329 or 327-2422 within Toronto.

Somerville couple gives gift of creativity

Painting is Nancy Dollack's specialty. Here, she applies some colour to what is destined to become a cup rack.

Their home was destroyed, but Barry Trottier and Nancy Dollack rebuilt more than just a building

by Jerry Grozelle

An old adage says hardship brings out the best in some people. There is a couple in Somerville Township who, some people might agree, lend some credence to that maxim.

Barry Trottier and Nancy Dollack of Somerville Township have suffered the effects of the recession like the rest of us. But they have also had to cope with the loss of their home to a fire almost a year ago, a devastating blow during any economic conditions. The February 24, 1992 blaze levelled their home on Baseline Road, leaving the family of five to start over.

After five months of living in a farmhouse near Rosedale, Barry and Nancy and their children, Morgan, 13, Ryan, 7, and Jason, 2, moved back to a new house built at the old Baseline Road location.

Still working at the finishing touches that make a house into a home, Trottier and Dollack decided that the most economic way to acquire Christmas gifts for a large family was to make the gifts themselves.

So, with some scrap lumber, a few tools, some craft paint and ingenuity, Barry and Nancy managed to round out their Christmas list.

They found that they enjoyed making their crafts so much that they

Brewing Beer

'U-Brew' industry starting to grab a larger piece of the beer market

by Andy Holloway

As more of the so-called sin taxes are laid upon us by desperate governments, people are learning how to enjoy themselves and beat the system a little bit.

Many cross the American border to load up on cheaper gas and cigarettes to avoid paying the high, hidden provincial and federal taxes levied here in Canada. Some also stock up on beer, but let's face it, American beer just doesn't have the same taste or tang that Canadian (or anybody else's for that matter) beers have. Starting last week, people returning home from outside Canada will pay provincial taxes on alcohol and cigarettes to federal customs agents at border points.

To compensate for rapidly rising beer prices, brew-your-own beer companies are rapidly springing up in towns across the province. Lindsay, Bracebridge and Huntsville all have brewing spots and now so does Haliburton.

Without the same amount of taxes, these companies can offer beer for about half the price for a couple of hours work.

Despite having no prior brewing experience, Haliburton resident Rick Elstone opened Highland Brewing's door over a week ago at its Industrial Road location.

The main advantage, and the prime reason for the newfound popularity of brew-your-own beer, says Elstone, is the

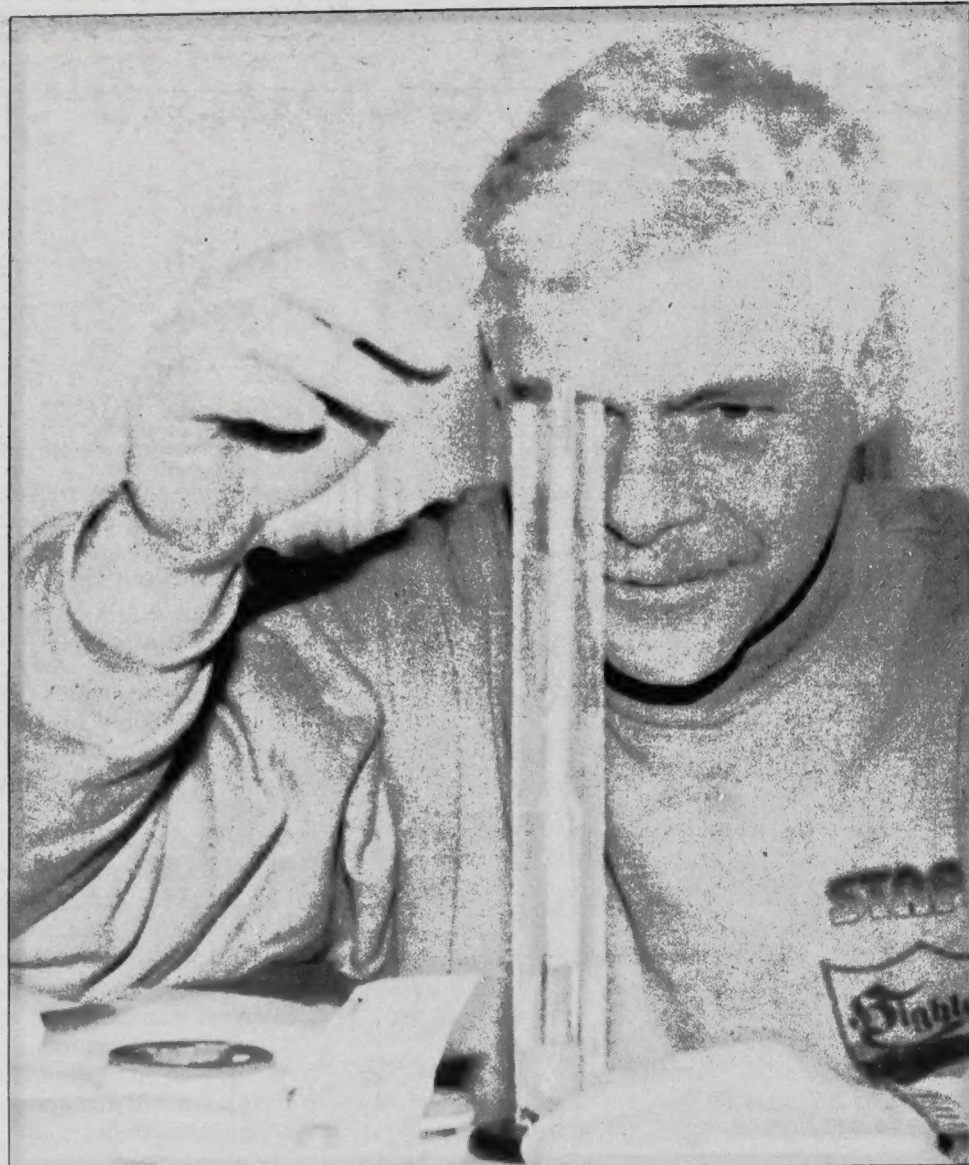

price. On average you will save about 50 per cent of the beer store price by brewing your own. The tax level on store-bought beer in Ontario is a whopping 47 per cent which accounts for the major portion of the price difference.

However, if price was all that mattered people would still flock to the US border and load up on Bud or Old Milwaukee. The taste of beer from the homebrew kits that started appearing on the market in the 1980s was pretty skunky. Since then, refinements in the process and the base powder have been made, but it's still like orange crystals instead of real orange juice.

Homebrewing in large doses and with the proper equipment produces better results, but is expensive for one person to manage which is where places like Highland Brewing come in. They supply the ingredients and you make your beer from scratch starting with real hops, malts and yeast to create your own personalized beer says Elstone.

"They're very comparable to German beers or an Upper Canada type. Taste-wise I prefer them to the commercial brands," says Elstone, himself a former Blue drinker. "There's no chemicals or preservatives in it. It's all natural ingredients."

Elstone currently has 60 recipes on hand with more on their way. He can also help you choose what beer you want. Some of the recipes are even named after beers like Creemore Lager, Miller Draft and while the taste won't be

Rick Elstone has the equipment and experience to help customers brew a perfect batch of beer each time.

bang on it will be close says Elstone.

While the popularity of homebrew is increasing it still only has a small percentage of the market. In Canada, just under 97 per cent of all the beer sold is through the Canadian Brewing Association whose members comprise all of the major brewers and the regional micro-brewers as well says Margo Dewar, the association's director of information and statistics. The rest of the beer is sold

from restaurant brewers and homebrewing.

Dewar says homebrewing operations, or "U-brews", have captured three per cent of the market over the past few years and that level is still on the rise.

Seen as a relatively new phenomenon, home-brewing is actually a return to the days when there were far more

Brewing a more natural beer

(from page 10)

beers available and most pubs brewed their own house brand.

One of the reasons for the current popularity increase is the fact there are more places to make and buy homebrewing supplies. Not only is the demand there, but it's also pretty easy to get started.

Highland Brewing started because of an idea given to Elstone by Murray Fearrey says Elstone. Last year, Fearrey told Elstone the Haliburton area needed two things, a Chinese restaurant or a brewing company. Not knowing anything about Chinese cooking, Elstone began to explore the other option.

"In August we investigated it a little bit more. We went to one brewing place in Huntsville and then to Kitchener-Waterloo to look at a few more," says Elstone. "The more I learned, the more I thought to myself, 'Hey one could go in Haliburton.'"

He and his son took a brewing course offered in Huntsville to learn more about the process and how it works. The course also gave the pair enough knowledge to realize they could brew beer.

However, the deciding factor was the decline in construction work over the past year for companies in Haliburton. Elstone was in the construction business which went into a slump in this area because of the economy.

"In August and September construction was very slow and I've got to make a living somehow," says Elstone explaining the jump from construction to brewing. However, he won't rule out a return to the construction industry later on this year because he says he

Couple stock-piles crafts for future sale

(From page 9)

have continued stock-piling items such as cup racks, coat racks, plaques and other decorative pieces to the point where they are planning to sell their work through an outlet in Kinmount. Ultimately, their goal is to open a store of their own in the near future.

Working exclusively with wood, Barry cuts the pieces to the desired size and shape and Nancy draws the outline of the scene for painting or wood-burning. Nancy does the painting and Barry burns scenes into the wood.

Any kind of wood they can get is used, but they will do custom orders in any type of wood the customer specifies. All of the wood is purchased locally.

Mounting of photos (scenics, family portraits, etc.) is also a specialty.

Besides the crafts, they also do furniture refinishing and Nancy drives a school bus.

As Barry points out, the job opportunities in this area are few and far between. "We're trying to make our own work," he said.

Nancy says that working on the crafts gives her something to do between school bus runs. "It's better than sitting around watching TV all day," she says.

may still have to supplement his income.

It's one thing to come up with the idea, it's another to be sure it will work. Elstone's wife Rhonda, using some of her experience gained from being the Haliburton chamber's president the past two years, says they compared Haliburton to other areas which have brewing spots to see if it could support the operation.

"We knew some people who were going to Lindsay or Bracebridge to brew their own beer," says Rhonda. "We took a look at the numbers and the numbers just seemed to be there."

Perhaps the best part of the whole concept is that you get to refine your beer to suit your taste with a minimum of fuss and mess.

"All the customer has to do is show up," says Rick Elstone. "We supply everything else, the malts, hops, yeast, the bottles and the equipment."

Snowmobile stealing continues in county

Several snowmobiles have been stolen since the start of the new year, including four last weekend say Minden OPP.

Since January 1, 11 snowmobiles have been stolen from various locations around the county according to police. Three of these were later recovered and a young offender has been charged with a variety of offences.

The security of your snowmobile is something that should be planned say

police. With that in mind the OPP has issued the following safety precautions to ensure your snowmobile is not stolen when you leave it for any length of time:

- * use a heavy chain with quality lock when locking up your snowmobile. Slip the chain through the suspension and secure the sled to an immovable object.

- * remove the spark plugs and put in dead plugs so the machine can not be started.

- * leave the machine in a highly vis-

ible place or with a permanent resident of the area.

The following stolen snowmobiles have still not been recovered by Minden police:

1992 Polaris Indy, plate #684337, stolen Jan. 3 on Hwy 60

1990 Arctic Cat Jaguar 650, #648758, stolen Jan. 3, Gull Lake

1985 black Ski Doo, #546419, stolen Jan. 10, Kennisis Lake

1993 Polaris Indy 440, #720053, sto-

len Jan. 11, Raven Lake

1993 black/pink Polaris Storm, #720001, stolen Jan. 29, Haliburton

1993 black Polaris XLT, #693367, stolen Jan. 30, Haliburton

1984 blue Yamaha SR5, #521798, stolen Jan. 30, Kennisis Lake

1989 black Polaris Indy, #613031, stolen Jan. 30, Dorset

If you have any information on the whereabouts of any of these vehicles contact the Minden OPP.

Sports

Nordic ski race

The Haliburton Highlands Nordic Ski Trail Association Cross Country Ski Race is this Saturday. The 10 and 30 km races start at the government docks in Haliburton.

Briefs

Soccer back?

Haliburton's soccer team may be revived after spending last summer on the sidelines playing friendly matches. According to some newspaper reports the Huronia and District Soccer Association League will have a Haliburton team.

However, last year's Haliburton manager Chris Carl says he has not heard anything about it and adds the team has not even decided whether it will operate this year.

That will be decided at a meeting in four weeks.

Two years ago, the team finished third in the nine team Muskoka League and compiled a .700 winning percentage over a five year period. Last year, Haliburton did not enter league play because players could not commit to a full schedule. That same problem still exists says Carl.

New Metro Bowl

The Haliburton Highlands Redmen football team could have an easier road to the Metro Bowl under a new playoff format being introduced by the bowl's organizers.

Under the new plan, the Metro Bowl will expand to 16 teams who will come from either regional or league winners. Under one proposal the eastern section of the bowl playoffs would pit the winning team from the Kawartha Division against the top teams from Peterborough, Belleville and Durham regions.

Last year, both the senior and junior Redmen won the Kawartha West, but lost to teams from Peterborough in the Kawartha finals. Under the proposed plan, the Peterborough-area teams would be in their own separate division. The bowl is slated to play on November 27 at the SkyDome.

He scores: Darren Johnston tips in a shot from Mike Billings past Tigers goalie Kevin Hendren for Redmen's first goal.

Redmen lose three of three

Playoff chances take a beating, but there is still one more chance

by Andy Holloway

The Haliburton Highlands Redmen playoff chances took a beating and may be dead after three straight losses last week.

In each of the three games, against some of the better teams in the league the Redmen came close, but wound up on the short end of the stick each time despite good, solid efforts.

"We're losing the tight ones," said

coach Ron Yake Friday afternoon after the team's third loss.

In Fenelon Falls last Tuesday, it took a late goal by Chris Duggan for the Falcons to clip the Redmen 2-1.

The game was scoreless until the first minute of the second period when the Falcons' Jamie Raymond converted a play by Jeff Thomas and beat Todd McCracken for a 1-0 lead.

The game remained scoreless until the third period when with 3:05 gone Chris Greenfield tied it up for the Redmen. Darren Johnston picked up an assist on the play.

With just 3:55 left in the game, Duggan scored the winning goal to keep the Falcons in first place in their divi-

sion.

The game was another rough one as the bitter rivalry between the two schools erupted again. Twenty penalties were called including two 10-minute misconducts.

The Redmen suffered another tough loss the very next night, this time losing 6-3 to the Lakefield Tigers who are in second place in the Kawartha East.

The game was a lot closer than the score would suggest. At one point midway through the second period the Redmen had pulled ahead and led 3-2, but a couple of quick, soft goals put the Tigers up by one entering the third pe-

(More on page 21)

KDD moves into a tie with Hartwick

For the first time since the second game of the year, Hartwick is not alone in top spot in the Minden Men's Recreational Hockey league.

KDD moved into a tie for first place with 19 points after beating Hartwick 5-2 last Monday night at the Arena. Jay Horsley potted two goals and added an assist to lead KDD's charge past Hartwick.

Entering the second period KDD had just a slim one goal lead, but goals from Horsley and Ivan Ingram put the game out of reach. Ingram had earlier added two assists to give him three points on the night.

Jeff Stamp scored both of KDD's other goals, including the game winner in the first period. Andy Schollig, Carey Gilligan and Jamie Walker also added

assists for KDD.

Dave Pettes scored a goal and an assist for Hartwick in the first period, but it wasn't enough. Frazer Rodgers picked up Hartwick's second goal of the night while Greg Newell and John Teljeur received assists.

Despite having lost one more game than KDD Hartwick kept its share of first place by virtue of having one more win as well. It is the first time Hartwick has been not been alone in first place since they were tied with Home Hardware after the second game of the season with three points.

The regular season winner will be decided this week as all teams play their final game.

At the other end of the standings, Sid Stamp finally escaped the basement with a 6-4 win over Westside. Sid Stamp had been stuck in last spot since the first game of the year, but have won three of their last four to overtake Westside for fifth place with the win.

Two third period goals by Scott Hamilton, giving him four on the night and five points, proved to be the difference in this one.

Top point getter for Westside was Craig Crowe who was in on each of his team's four goals, including three assists. Bill Hogg also received three assists.

After the first period the game was tied at three. Lorne Burgess, Gary Caspchuck and Crowe scored for Westside while Hamilton, with two, and Sid McKeigan replied for Sid Stamp.

In the decisive second period, Hamilton scored two more and Barry Walker added one to overcome Westside who received only one goal by Louis Reynolds.

Other multiple point scorers for Westside included Reynolds with two and Burgess with two. For Sid Stamp, McKeigan had four points, Dave Hartwick had three assists, Larry Sawyer had two assists, Walker had three points while Tom Miscio had a single assist.

With the win Sid Stamp moves just one point behind The Times who lost their fourth straight, 4-2 to Home Hardware.

Two goal performances by Greg Carpenter and John Ballantyne was all the scoring Home Hardware needed as goalie Andrew Burk allowed just two goals. The win gave Home Hardware a lock on third place, five points ahead of The Times but three points behind the division leaders.

Home Hardware took a one goal lead in the first period as first Carpenter, assisted by Bern Berry, and then Ballantyne scored. Jeff Hunter replied for The Times with Dennis McKee and Dave McKay assisting.

In the second period, Ballantyne and Carpenter scored again while only Scott Gartshore assisted by McKee and Eldon Bull, replied for The Times. Receiving assists for Home Hardware were Harold Cowen, Jeff Howe, Ron May and Tim Hunter.

(Standings on page 15)

Sports

Novice Bs dominate Oakville Rangers 4-0

The Ontario Hydro Minden Monarchs Novice B team grabbed another win last Sunday with a 4-0 goose egg against the Oakville Rangers.

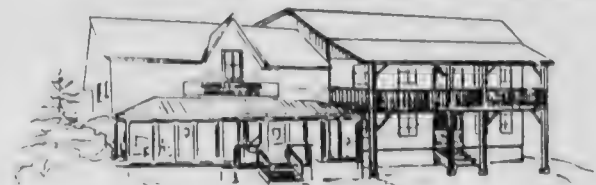

Monarchs goalie Phillip Neville earned a shut-out and Andy Kinsman scored all four goals in the exhibition match-up with the Rangers.

Justin Walker made a nice steal in Oakwood territory and Mark Hamilton picked up the puck and fed a pass to Kinsman for the game's first goal.

Mid-way through the second period Lance Aggett made an excellent pass from the corner to the front of the net where Kinsman popped another one in.

Seconds before the end of the second period Kinsman picked up the puck near centre, skated in and scored for a hat trick. The Monarchs, and Kinsman, got their fourth goal two minutes before the end of the game with Greg Vanderlip assisting.

Brian Watts and Muskoka MPP Dan Waters share a joke after Waters presented the Haliburton snowmobile club with a check for \$50,000.

New snowmobile safety program set up by OFSC

by Andy Holloway

The Attorney General's office is granting \$15,000 to help spread the snowmobile safety word around Haliburton and other areas announced the Ontario Federation of Snowmobile Clubs last Thursday night.

The new funds were announced by OFSC marketing director John Blaicher at the opening night of Snowfest at the PineStone. Blaicher said the grant is not as much as originally requested by the federation. If the additional funds are not raised then the federation will have to scale back its plans to increase snowmobile safety and education. So far only two of 14 companies contacted have responded positively.

Other areas targeted by the federation include Sudbury, Algoma and Parry Sound - all high-risk areas for snowmobilers. The news comes on the heels of the 17th snowmobile-related accident this year and prior to Snowmobile Safety Week (Feb. 6-13) across Canada.

Over the past three years there have been an average of 38 deaths per year caused by snowmobile related accidents.

Snowmobiling is becoming more of a family sport said Blaicher and the federation wants snowmobilers to "drink less or plan activities where there is no drinking at all."

Alcohol has been involved in over

(more on page 16)

High school curling team frozen out of tourney

The Haliburton Highlands boys' curling team gave it a good effort at the Gore Mutual School Boy Curling Bonspiel in Beaverton, but were knocked out after playing two games.

The team consisting of skip Derek Rodley, vice Ryan Ellis, second Dan Selbie and lead Chris Andrus lost 12-4 to Lakeview Secondary School in their first game of the tournament which was played over the January 30th weekend.

The second game was much closer as the Highlanders lost to Brock District High School 13-8. Coach Tom Dibblee reports that the score was tied at seven with two ends left to go. Brock added four more in one end and a single in the

other to take the game.

Dibblee says the team "gave it a good effort", but were up against teams much more experienced than they were. The four boys are all in grade 10 while many of the other teams in the tournament were using grade 11 and 12 students.

The team's next major tournament is against the rest of the Kawartha West in Fenelon Falls on February 25. The girl's team will also be playing that weekend for their Kawartha West title.

If the boys win then they go to Peterborough on March 3 for the Kawartha finals. If the girls win they go to the Kawartha finals in Peterborough on March 1.

High Times

by Jenna Stutt

Bradford leads volleyballers

It has been a couple of years since The Times has been able to report that a highschool volleyball team has won a tournament. However, last Tuesday the senior girls' volleyball team was able to defeat all of their competitors and capture their first tournament victory this year.

All their games were very competitive, and strong hitting from Jenn Bradford helped to lead the seniors to many of their wins.

Jenn is an exciting athlete who is also fun to watch. I have had the

privilege of not only being on the volleyball team with her, but also playing with her on the badminton team, and I know that her energy and outgoing personality are exactly what makes her a high quality athlete.

In volleyball, Jenn shows excellent team spirit and was able to keep team morale up even when Haliburton was in its losing streak.

Jenn plays numerous sports at the highschool including field hockey, volleyball, badminton and she also participates in track and field. Her high praise is substantiated by

Jenn Bradford is one of the strong hitters for a successful Redmen volleyball team this year.

her achievements in all of these sports. These achievements include a trip to the all-Ontario badminton championships last year.

This very talented young athlete will be one to watch this year, and hopefully so will the senior girls' volleyball team.

OFSC gets \$15,000 to preach safety

(from page 15)

70 per cent of all the deaths over the past three years. This year, alcohol has played a part in 15 of the 17 accidents.

"Three-quarters is a lot higher than driving on the road and slightly higher than boating. We can't bend our heads and pretend it's not a problem," said Blaicher.

The safety program will involve two teams setting up high profile booths at snowmobile events across the province between next November and March. It will also target high schools as one of the places to preach the safety message to

younger and newer drivers.

In a prior presentation, Muskoka MPP Dan Waters presented Haliburton County Snowmobile Club president Brian Watts with a cheque for \$50,000. The money, which comes from the Ministry of Tourism and Recreation's SNO-TRAC program, will be used to cover the cost of the groomer the HCSC has already bought.

In order to get the grant the HCSC had to raise an equivalent amount of money which it was able to do.

So far said Waters, the government has created 41 person-years of

employment and spent \$2.1 million on about 50 different snowmobiling projects this year. Individual clubs have raised an additional \$1.5 million for the programs.

Waters, the parliamentary assistant to the tourism minister, also said the time has come for snowmobilers to clean up their act. As the popularity of snowmobiling increases so does its public profile and so clubs have to get the 'Ride safe, ride sober' message out.

Watts and county warden Chris Hodgson wished people a safe and enjoyable weekend as local politicians added their voices to the safety message.

Coming events

Loop carnival

The eastern communities of Haliburton County are organizing the Loop Winter Carnival for February 12-14. Many events for the whole family are being planned including a dinner and dance Saturday night. For more information phone Hilda Clarke at 705-448-2018.

Ice car racing

Ice car racing continues on February 13, 14. The free races are at the Minden Community Centre and there are concession stands on hand. For more details call Tom Prentice at 705-286-1171.

Ski race

Haliburton Highlands Nordic Ski Trail Association is organizing a cross-country ski race for February 13. The event starts at the dock in Haliburton and there are 10 and 30 kilometer races. Registration fee is your trail pass. Call the association at 705-457-1640 for more details.

Sleigh rides

The Coboconk Lions Club will be having its annual Old Fashioned Sleigh Ride on February 14 at Balsam Lake Provincial Park. The rides are free, as are the hot dogs and hot chocolate which will be served.

Dorset Snowball

Dorset's winter carnival takes place on February 19-20. For more information call 705-766-9968.

Concert series

Duo pianists Popov and Vona perform at the Haliburton Legion on February 28 at 7:30 p.m. The concert is part of the Haliburton Highlands 13th Annual Concert Series. For more information call 705-754-2602.

Girl Guides

The Girl Guide Cookies campaign began February 6. Help them out by buying a box.

Porters jailed on drug charge

Police briefs

A Minden man has been sentenced to three years in jail after pleading guilty to a charge of importing hashish into Canada.

Joey Porter was sentenced in a Brampton Court on January 18. His brother Bret Porter who had also been charged with the same offence had previously received a four year sentence.

The pair had been arrested at Toronto's Pearson International Airport in mid-July after a trip to Jamaica.

One of the brothers was in a wheelchair although he is not disabled. The brothers were searched by airport

RCMP and some hashish was discovered hidden in the wheelchair.

Road news

The "1-800" police service telephone number for the OPP are being jammed with requests for weather and road condition information.

At peak hours upwards of 200 calls per hour are being received at some OPP communication centers prompting concerns that emergency calls could be delayed.

The OPP does not offer a road condition re-

port, however such reports are available by calling the Ministry of Transportation.

Some of the more popular road reports are available at the following numbers from the Ministry of Transportation:

Bancroft - (613) 332-3621
Huntsville - (705) 789-4483
Lindsay - (705) 277-3333
Peterborough - (705) 277-3333
Toronto - (416) 235-1110

Hey buddy, is it cold enough for ya yet?

February. Named, no doubt, after some pagan god of misery - Februus or something like that.

Even when in the warm depths of a lake in July just saying the word brings to mind hateful images. No other month has such a well deserved nasty name.

March? The march of spring is on, comes in like a lion (leftover February residue) and goes out like a lamb.

April? This month even has a cute little ditty, "April showers bring May flowers."

May? As in "may I have little bit more sun please, thanks."

June? Most popular month for marriages - must be nice.

August? The word itself means majestic, noble and impressive.

The list of good months goes on.

But February sticks out like a buck tooth on a chinless wonder.

Very little sun, lots of icy snow and bone jarring cold. No wonder it's the most popular month of the year for mental depression.

School systems weren't being fools when they decided to put in a week-long break after the dreaded 'F' month. They were acting out survival impulses designed to keep screaming hordes of kids at bay.

Even in warmer climes, February is the worst month. The reasons are more complex than just the weather, but they're there.

Perhaps it's because the ideals of all those promises made on New Year's Day have finally been utterly smashed. It's demoralizing to realize you can't even keep the easiest promises - you know, the one not to slop tooth paste all over the sink - let alone the other 99 of them. Promises to quit drinking or smoking just don't hold water when the dregs of February are upon you.

Or perhaps it's the startling realization that because of Christmas you are now hopelessly mired in debt - sometimes called the Credit Card Syndrome - and you have ten months to pay it off before it starts all over again.

February is now eight days old. The first day was incredibly cold although it was sunny. If you didn't have a garage you only had to spend 30 minutes scraping the ice off your car. The second day was also

Rantin' n' Ravin'

by Andy Holloway

sunny and cold while the third day was warmer ... and cloudy. Is that a pattern forming there.

In the much-abused Farmer's Almanac, scary words based on variations of cold and snow appear: cold SNAP, SEVERE cold and snowSTORM. In no other month does the term 'severe cold' appear for Ontario, but there it is during the month of February.

But no one needs a book to show them that Febru-

ary is evil. Evil, evil, evil.

Apparently, according to one myth, the lost slate of commandments numbering 11-15 - which went missing after one of Moses' sandals got caught in a crevice - all dealt with the days which would later become February.

Commandment number 12 read something like, 'Thou shalt have 28 days, 29 every four years, of misery for no real reason other than I feel like it.'

No doubt when the end of the world is nigh, it will be a cold day in February.

There is one positive thing about February - it's the shortest month of the year. Somewhere, somehow, someone in power must like us - at least a little bit.

Serving the Community's Greatest Need

PROCLAMATION

WHEREAS Kinsmen & Kinette Clubs of Canada has been a vibrant, responsible, all-Canadian association of service clubs devoted to the concept of serving its communities throughout Canada since its founding in Hamilton, Ontario on February 20, 1920,

AND WHEREAS Kinsmen & Kinette Clubs of Canada has been dedicated to meeting the needs of our community and has diligently sought the development and completion of timely, relevant programs to meet the needs and challenges of our constantly changing society,

AND WHEREAS Kinsmen & Kinette Clubs of Canada is celebrating its 73rd anniversary on February 20, 1993,

THEREFORE, I, Bern Berry, Reeve of the Townships of Anson, Hindon and Minden, feel that each citizen would welcome the opportunity to pause and reflect with pride on the rich heritage of accomplishment throughout the more than 72 years Kinsmen and Kinette clubs have been in existence in Canada. And with the express idea of honouring our local club,

I DO HEREBY DECLARE February 20, 1993

KINSMEN DAY

and declare the week of February 14 - 20, 1993

KINSMEN/KINETTE WEEK

A CELEBRATION OF KINSMEN AND KINETTES IN CANADA

and urge all citizens to salute their local Kinsmen and Kinette clubs

IN WITNESS WHEREOF, I have here unto set my hand and caused the

seal of the Corporation of the Townships of Anson, Hindon and Minden

to be affixed this 14th day of January 1993.

Bern Berry

Planning for county's future

Community Futures Committee set to update old economic strategy

Since the Haliburton County Community Futures Committee held its first meeting in October, 1992, members have been reviewing the economic challenges faced by businesses and residents of this

county.

Members have recognized that the county's Economic Strategy Plan accepted by County Council in April, 1990 lays out many useful lines of possible action that could

be pursued to improve conditions. The committee has also recognized that since 1990 the economic climate has changed as the nation has gone through a major recession.

Related to that recession has been the massive re-structuring process that will continue to change the economic face of Ontario. The process has not been limited to manufacturing industries in southern Ontario but has affected all aspects of society.

The roles, responsibilities and abilities of government have also been changing. Their financial resources, particularly those of municipalities, are stretched to the limit.

The committee has decided it is necessary to update the proposals and priorities set out in the 1990 Economic Strategy Plan. They have also recognized that this task is not one that can be done in isolation. The problems they are looking at affect everyone and so would the solutions that will be taken.

Success therefore, in the opinion of the committee, will only be obtained if the economic development process is a community-based one.

In other words, the Community Futures Committee sees its responsibility primarily to act as the agency that takes the collective ideas, desires and plans of community members and moves to make them happen as best as possible.

To get the ball rolling, the committee is holding a public consultation day which it is calling "Community Talks". This will be held at the Bonnie View Inn on Wednesday, February 10, starting at 9:30 a.m. The public has been invited to attend.

So that everyone can focus on the issues, the day will start off with a series of short presentations by local experts on a range of key

for 1992 in the Minden Office.

Congratulations Donna and continued success for 1993.

Close, but not quite good enough

(From page 13)

riod.

Despite the losing performance, the Redmen showed up for this game coming out of the gate with all guns blazing. Even a short-handed goal by the Tigers just three minutes into the game did little to slow down the Redmen.

With 6:36 gone in the game Mike Billings shot the puck towards the net where it was tipped in nicely past Tigers goalie Kevin Hendren by Darren Johnston.

The Redmen continued to show good hustle, but were not rewarded with any good scoring chances for the rests of the period.

The second period started off similar to the first with the Tigers scoring quickly, this time on a power-play. After a pair of unbelievable saves by Peter Brohman the Tigers were finally able to score off a shot that hit the post and bounced out to Mike Williams who scored into the empty net.

Bill Bradley took a slashing penalty just 17 seconds later and it looked like the Redmen were going to kill themselves with penalties again. However, Chris Greenfield

intercepted a pass at centre ice and flicked a high pass down the left side where Derek Wilson picked it up and scored on a break-away to tie the game up.

The Redmen took the lead with six minutes gone on a power-play of their own. Greenfield again started it by giving the puck to Jonathon Bishop who dipsy-doodled around the Tigers defence and then fooled Hendren with a good move.

Less than two minutes later, the Redmen had a glorious chance to jump up by two when they were given a two man power-play, but they failed to capitalize despite a number of opportunities.

After killing the penalties off, the Tigers scored two quick goals to take the lead and the game. Both were soft shots that beat Brohman low on the glove side and after the second goal he was pulled in favour of Todd McCracken. To be fair, Brohman has held the Redmen in several games this year and had made several good stops during the game.

Justin Knott of the Tigers scored two more insurance markers in the third period to give him a hat trick

and four points on the night. Williams chipped in with three points while Kevin Watts scored two goals.

In their third game in three nights the Redmen were nipped by the I.E. Weldon Wildcats 4-3 in Lindsay.

Scoring for the Redmen in this game were Derek Wilson, Greg Stamp and Andy Billings.

Despite the three losses, the Redmen still have an outside shot at making the playoffs says Yake. While the team will finish third in its four team division behind Weldon and Fenelon Falls they have a chance at a wild card spot.

The top teams in each division make the playoffs automatically, but the final two spots are given to the next two best teams in the 12-team league, regardless of what division they are in, qualify for the playoffs. The match-up could be decided this Wednesday when the Redmen take on Adam Scott, the other team still in contention for the final playoff position.

The Redmen play their last game of the season this Wednesday at home. Game time is 7:30 p.m.

A: Edgar Allan Poe-tato.

Q: What famous author wrote plays about fruit?

A: William Shakes-pear.

Q: What branch of the military is only for fighting fruit?

A: The apple corps.

Futures program to prepare plan

(from page 20)

economic and community topics.

To help get ideas rolling, the coordinators of two other Community Futures Committees, who have had considerable success in their areas, will join the meeting during lunch. They will describe how their communities took control of their futures and have progressed along the road to improving their local economies, especially in the field of creating new jobs.

After lunch, the public will take over, meeting a series of small workshops

to identify local actions and priorities. Finally, all the workshops will join together to share each others' ideas.

The committee's work will then really start. They will draw up a strategy plan to set broad directions for the next several years and an operational plan that will list the priorities for action in the next 12 months.

To do this quickly, the committee has retained the services of Communities Associates Training and Consulting Inc. This firm, and especially its president, Gregg Neelin, has assisted a number of

other Community Future Committees in successfully preparing their plans. The committee does not expect to prepare a perfect plan in one shot, so in April another "Community Talks" public consultation day will be held to look at and discuss a draft plan.

The Haliburton County Community Futures Committee has been established and is funded through the Federal Com-

munity Futures Program.

Since the Federal Community Futures Program provides funding assistance towards the costs of local development projects that will create jobs, the committee is anxious to get on with the job of rebuilding the County economy and getting people back to work.

Anyone who wishes to come to the meeting on Wednesday, February 10, should phone 457-3555.

Highway 35 - Minden

Council asks for hospital input

On September 24, 1991 the Ministries of Health and Community and Social Services supported the development of up to 30 new long-term care beds for Haliburton County with the following provisos:

1) The plan will serve the entire county, 2) There will be a maximum use of existing facilities, 3) a feasibility study of the use of the Minden Hospital and the Home for the Aged in Minden should be done jointly by the (Ministry of Community and Social Services) Community Health and Support Service Division and the Institutional Health Service Division of the health ministry and St. Joseph's Hospital.

The feasibility study will decide if the Minden Hospital should be renovated in its existing location, or attached to the Hyland Crest Senior Citizens' Home. The Haliburton Directional plan also recommended that 15 long-term care beds be added to Hyland Crest.

This study is now underway with a target for presentation to the Planning and Development Committee by March 31, 1993. It is therefore extremely important that groups, organizations, businesses and individuals who wish to have a say in the planning process act immediately by contacting Kate Reed at the Haliburton County Planning and Development Committee, Hillside House, Box 687, Haliburton, Ontario, K0M 1S0, 705-457-9188 or the consultants directly at: David Coulson and Associates, Health Service Consultants, 480 University Avenue, Suite 1004, Toronto, Ontario, M5G 1V2, Attn: Terence McBurney, 416-979-0027 or fax 416-979-0029.

Your council is preparing a submission appealing that the Minden Hospital's current level

Council Report

from Anson, Hindon and Minden Council

of service be enhanced at its present site thereby strengthening its role in the community. The consultants will appear before council at our regular meeting in the Council Chambers, Thursday, February 11 at 7:30 p.m. You are welcome to attend. We ask all citizens and/or organizations of Minden and area to submit your written or verbal opinions on this critical issue to the consultant.

Kinsmen week

Your council recently declared February 14-20 as 1993 Kinsmen/Kinettes Week to recognize their extraordinary contributions to the Townships of Anson, Hindon and Minden. By honouring our local club, we reflect on the rich heritage of Kinsmen and Kinettes Clubs of Canada in this, their 73rd anniversary.

Legion donates \$2,000

The Royal Canadian Legion, Minden Branch 636 recently donated \$2,000 to the Plexi-Glass Fund. This fund has been established to improve the safety barrier between the arena ice surface and the viewer area. Their generous donation will give a much-needed boost to this cause, and on behalf of all residents, AHM Council thanks the Minden Legion members.

Meal time

Haliburton County Home Support Services (HCHSS) is now providing frozen meals to the residents of Haliburton County. The service is directed through Staunworth Terrace and single meals may be picked up from the Terrace office between 10-10:15 a.m., Monday to

HALIBURTON COUNTY SNOWMOBILE ASSOCIATION

SNOWMOBILE DRIVER EDUCATION

The Haliburton County Snowmobile Association is committed to a policy of effective driver education. Each year, dozens of young people age 12 and up are granted a Snowmobile Operator's Licence from H.C.S.A. instructors. The course teaches safety, common sense, responsibility and the law as outlined in the Motorized Snow Vehicle Act. This licence is required if a person uses a snowmobile on any trail system in the province. No individual under the age of 16 may operate a machine on any portion of a serviced roadway (highway).

If you, or someone in your family, wish to take the next course, make note of the following and contact Mike Burke (754-2637)

Auction to support tub fund to be held

It is the last day of January and I am very sorry to report the passing of Sabina (Ina) McGuire on January 29 at Hyland Crest. She was 90-years-old. Special sympathy to her sister May Horsley who is also a resident of Hyland Crest. Our deepest sympathy.

Anita Smith read to us Sunday afternoon. It is so enjoyable having a steady reader. Thank you very much Anita.

In the evening Rev. John Burgess took the chapel service and Louise Leonard played the organ. Our sincere thank you John and Louise.

Monday, Dottie Muirhead and Jean

Bolt had crafts in the craft room and Bible Study was held by Evelyn Coleman in the Chapel. Our grateful thanks to Dottie, Jean and Evelyn. Hyland Crest Ladies' Auxiliary held their meeting in the auditorium. The new executive took charge of the meeting with a good attendance and a new year of hard work and helpfulness was started.

Movies were shown by Fern Connelly and Pat Bradburn in the evening. The movies were in two parts and were named "Atonement". Thank you Fern and Pat.

Tuesday chapel service was led by

Louise Leonard. Louise is always on hand to help us in a pinch. We owe her for more than we can thank her for.

Pearl Cowen set up an afternoon of playing euchre, crokinole and cribbage. We enjoyed the afternoon with the help of Pearl, Jeanne Sears, Helen Skelding and Dottie Muirhead as volunteers. We thank all you ladies immensely.

Wednesday morning at 11 a.m. Dottie Muirhead reads the interesting news items from The Times and the Echo for the residents unable to read for themselves.

In the afternoon, Doris conducted a quiz of true or false that really made us think, but we enjoyed it!

Before I forget, we have a big event coming up on February 12 at 6:45 p.m. in the auditorium. It is an auction sale. We have a great number of good items for auction: chest of drawers, bicycle, dishes etc. Please plan to attend as the proceeds will go to our tub fund.

The ladies from West Guilford Anglican Church prepared and served our tea party Thursday. It was the monthly birthday party. The luncheon was served from the Tuck shop and we ate in the dining room. The birthdays for January were: Lilian Harrison - Jan. 7, Alice Todd - Jan. 9, May Horsley - Jan. 17 and Leonard Hamilton - Jan. 21. Happy birthday to each of you. The West Guilford ladies were Alice Jones, Norma Sisson, Eleanor Cooper, Irma Sisson,

Senior League

by Winnifred Barnum

Leslie and Valerie Chumbley, two daughters of Irma Sisson, and Doreen Sisson. After the lovely tea Eleanor played the piano and we had a sing-song in the Trillium Lounge. We sincerely thank all who gave us a lovely afternoon.

Every third Thursday Joan Bunn brings her sheltie dogs and Rhonda Francis brings her Scottish collies into Hyland Crest and they go from room to room so all the residents can see them, hold them and pet them as much as they like. This is appreciated by everyone and we want to thank you Joan and Rhonda from our hearts.

Thursday when Brandon and Valerie came for supper, Brandon sat at my table in the dining room and Valerie sat with Gertie McKay, who is Valerie's new granddaughter. Following supper the girls did some homework and then we had bingo. Thank you Valerie and Brandon, who is recovering from an ear operation.

Ed and Billie Picard were the entertainers for Happy Hour Friday, playing the accordion, drums and singing. They play really stirring music.

We thank them truly as well as the volunteers who serve and look after our needs: Pearl Cowen, Ellen Holden and Don Holden.

Travellers to the south urged to use their common sense

Canadians heading to Florida or other southern destinations are urged to exercise caution and common sense, advise the Canadian Automobile Association (CAA).

CAA understands concerns some Canadians have in the wake of two Canadians being shot in West Palm Beach and in Miami last month. These incidents followed CAA's November travel alert concerning a series of highway shootings near Jacksonville.

According to CAA President Michael McNeil, "Canadians travelling to any large American city or southern destination should follow a few common-sense precautions."

Those precautions include:

- Don't flash your cash. Keep it hidden, and carry as little as possible with you. Travellers cheques are preferable, and CAA members can obtain them fee-free at any CAA office.

- Stash your cash. If you must travel with large amounts of cash, jewellery or

other valuables, ask for a hotel with a safe. Leaving your valuables in your hotel room is not advisable.

- Plan your stay. Ask the hotel clerk to point out on a map the areas of town to avoid, and then stay completely clear of them. You don't want to be stuck with a flat tire in a dangerous part of town.

- When driving, remember to lock your doors and in urban areas consider using the air conditioner rather than opening windows.

- If your car needs towing or other road-side assistance while in the United States, CAA members receive the same emergency road services from AAA as they receive from CAA in Canada.

- Keep luggage tags turned or folded so that your name and address are well concealed.

- Remember that crime can happen anywhere, at any time: in airports, in hotel lobbies, at a restaurant, on the beach. When you are away from home, take all necessary precautions.

The Royal Treatment Awaits You At

Royal View Motors

Your Insurance Broker Understands

Canadian science industry hits the skids in a big way

Ever since my first venture into television in 1962, I have contended that the most powerful actor shaping our lives is SCIENCE when applied by industry, medicine and the military.

Today as global environmental degradation is accelerated by technological prowess, scientists will play a key part in assessing the state of the Earth and working out strategies to reduce the crisis.

By that I mean being comfortable enough with such fundamental concepts as atoms, evolution, cells and stars, to feel able to assess and form opinions on reports about science and technology (S & T). It is as important for every candidate for political office to be scientifically literate as it is for them to read and add.

But in Canada, science is not an integral part of culture. It has been ghettoized as a subject for an audience more limited than those served by programs or newspaper sections on business, sports, entertainment and politics.

And the media don't just reflect the marginalization of science, they exacerbate it.

In 1990, at an international conference on the atmosphere in Geneva, 700 leading scientists from over 100 countries signed a statement that, in their judgement, global warming is a real environmental threat demanding immediate action to reduce the risk. Yet the media continue to report global warming as if it is merely a controversial hypothesis or a distant threat.

Last November, the Union of Concerned Scientists (UCS), an international group of researchers concerned about the social impact of S & T, released a document titled "World Scientists' Warning to Humanity" that began: "Human beings and the natural world are on a collision course. Human activities inflict harsh and often irreversible damage on the environment and on critical resources.

"If not checked, many of our current practices put at serious risk the future we wish for human society and the plant and animal kingdoms, and may so alter the living world that it will be unable to sustain life in the manner we know. Fundamental changes are urgent if we are to avoid the collision our present course will bring about."

The appeal goes on to document the extent of the rapid and catastrophic changes that have aroused their concern including destruction of the atmosphere, water resources, oceans, soil, forests and living species.

In order to change the dangerous course we are on, UCS urges that we bring under control such environmentally damaging activities as over-use of fossil fuels, pollution, deforestation and degradation of agricultural soil.

Reflections

by David Suzuki

Other urgent needs include better management of resources, population stabilization, elimination of poverty and sexual equality and control by women of their reproductive decisions.

UCS calls for a diversion of military expenditures to meet the ecological challenge and warns "a great change in our stewardship of the earth and the life on it is required, if vast human misery is to be avoided and our global home on this planet is not to be irretrievably mutilated...No more than one or a few decades remain before the chance to avert the threats we now confront will be lost and the prospects for humanity immeasurably diminished."

This is a message of extreme urgency signed by some of the most eminent scientists in the world, over 1,500 senior scientists from 69 countries, including 101 of the 196 Nobel recipients still alive and both of Canada's Nobelists.

Chairman of the UCS, Henry Kendall (1990 Nobel Prize in Physics) says: "This kind of consensus is truly unprecedented. There is an exceptional degree of agreement within the international scientific community that natural systems can no longer absorb the burden of current human practices."

What was the Canadian media response? Almost total SILENCE as the report was virtually ignored. Media frenzy is reserved for rock stars, royalty and any "expert" on economics, politics or UFOs, not dire warnings from eminent scientists. No wonder we aren't taking the eco-crisis seriously.

(The address of the UCS is 1616 P St. NW, Suite 310, Washington, DC 20036).

David Suzuki is a writer, television and radio host and a geneticist who is also a leading spokesman on social and environmental issues.

FEES: Prior to March 1st \$10.00
After March 1st \$15.00

By-law 90-37 requires that all dogs within the township must be licenced. Failure to obtain a licence may result in charges being laid.

Doug Schell
By-law Enforcement Officer

NOW YOU CAN BE PART OF THE PARENT SUPPORT SERVICES VOLUNTEER TEAM

WE ARE LOOKING FOR HOST FAMILY RESPITE HOMES

HOST FAMILY RESPITE is care provided in the home of a volunteer family or individual. Respite care is a period of rest or relief for the purpose of providing a break to the parent and family of special needs children. Families with children who are physically or mentally handicapped often experience stress from the specialized care which is required. In order to enrich the quality of family life, these families need an occasional break.

Volunteer Host Families receive a daily set rate to cover out-of-pocket expenses. Host families will be screened and trained to look after special needs children.

TOGETHER WE CAN MAKE A DIFFERENCE!

by Jeanne Sears (call 286-1538)

Good wishes to Ed Pritchard who came through his serious operation and is on his way to recovery.

Weekly winners at St. Paul's euchre games on February 1 were Joyce Hewitt with most lone hands, Orval Francis and Dorothy McElwain.

Dorothy McElwain visited with Mike and Maureen McElwain and boys of Millbrook and Kirk and Julie McElwain and family of Ajax recently.

The Minden Library committee will meet on Wednesday, February 10 at 7:30 p.m. in the library.

Club 35 euchre games winners for February 1

included Garth Windsor with most lone hands, Verna Sawyer and Olive Daniels high lady and high man, Sheila Robb, Bill Matthews, Rhoda Woolner and Betty Matthews.

Bert Milburn of Matheson recently enjoyed a visit with his mother Dorothy Milburn.

There will be a Fun Auction at Hyland Crest Auditorium at 6:45 p.m. on Friday, February 12 with all proceeds going to the Tub Fund.

The winner of the Meet to Skate Draw, All Event with 2 nights accommodation to "Canadians '93" in Hamilton, was Katie Gasparelli from Ottawa. Congratulations.

Our sick list this week includes Harry Forbes, Cleve Stamp, Archie Walker, Norma Hamilton, Helen Johnson, Margaret Annis, Gladys Silver, Alice Morrison and Wes Baker. Sincere good wishes to all of you.

Tuesday afternoon bridge game winners at Stanhope on February 2 were Thelda Weston, Earl Hayne and Helen Rice. The bridge games are held each week at 1 p.m.

Wayne Vick of Toronto visited last week with his parents, Audrey and Bob Vick.

Sincere sympathy to the families and friends of the late Eva Sisson, Ina McGuire, Gladys Main of Haliburton and John

Smith of Haliburton.

Winners at Lochlin Centre euchre games on February 2 were Mervin Gilbert with most lone hands, while others included Bessie Burk, Dorothy Milburn and Marian and Chic Minaker. The next games will be held February 16

at 7:30 p.m.

The February meeting of the Minden Agricultural Society will be held February 9 at 7:30 p.m. in the home of Joan Moore with everyone welcome.

Agnes Jamieson Gallery hours for February are Tuesday to Saturday,

10 a.m. to 4 p.m. with the Andre Lapine, the permanent collection, on display.

The Women's Institute meeting will be held at the Library/Cultural Centre on February 17 at 2 p.m. All ladies are welcome to attend.

AHM council report

(from page 28)

Friday. For larger orders (over one meal) please call HCHSS Marilyn Pennycok at 457-2941 by Thursday at noon of the week before. Minden Council commends the volunteers of the Staunworth Non-Profit Housing Corporation for another fine community project.

Green corner

The AHM Environment Advisory Committee will periodically use this space to share ideas to make our community a healthier and safer place to live.

We thank 10-year-old Micah Smith, a grade 5 student at Archie Stouffer Elementary School for the

'water conservation cartoon'.

Green Tip of the Month: Conserve hundreds of gallons of water each year with no effort. Simply fill with water and place a tall narrow plastic bottle (eg. one litre mineral water or orange juice bottle) in each toilet tank in your household. These bottles fit nicely on the left side of most tanks without obstructing the movement of the shut-off arm and float. Since the water level remains the same, the hydro-static pressure is the same. Therefore the toilet will flush just as well with one litre less volume each and every time, conserving valuable well or town water, extending the life of septic or holding tanks and reducing the amount of waste water to be treated at sewage plants.

• PARENTS •

STUDY AND TUTORING CENTRE FEASIBILITY STUDY

Proposal: We are looking into the feasibility of setting up a tutoring and study hall for the town of Minden. If there is enough interest a service will be established. Initially it will be for students in grades 4 to 8.

Put a check mark in the box beside a service you would use if it was available. What would you feel would be a fair fee for service rendered?

The centre would provide:

- | | | |
|---|--------------------------|-------|
| a. a supervised homework and study hall in town from 3:45 to 5:15 | ☐ | _____ |
| b. tutoring 1. individual
2. small group | ☐ | _____ |
| c. basic skills instructions in
1. mathematics,
2. reading and
3. english grammar and writing skills | ☐ | _____ |
| d. study help for tests and exams. | ☐ | _____ |
| e. specialized tutoring in an area of concern to the student | ☐ | _____ |
| f. compensating techniques for students with learning difficulties. | ☐ | _____ |

Tutoring could be offered at the following times. Please circle the days AND times you would prefer.

Monday	}	7:00 - 8:00 8:00 - 9:00 7:00 - 9:00
Tuesday		
Wednesday		
Thursday		

Sunday afternoons 1:30 - 2:30 2:30 - 3:30 1:30 - 3:30

This ad will run for ONLY two weeks. If you are interested respond now.

Call 286-5022 and leave your name and number and someone will get back to you, or drop a filled-in form to BJ's Pizza and Subs on the main street of Minden.

The programme will be directed by a qualified teacher with over 20 years experience.

HAPPY 75TH BIRTHDAY
To two special ladies, Mrs. Mae Davis and Mrs. Alice Voiccy. Hope you both celebrate many more together. Also, birthday greetings to a special brother, Willis Davis, who brings the true meaning of "brother" alive every day.
Love, from all your families and friends.

In Memory of Spice February 1, 1993

We just want you to know Spice
We cried so hard that day
We hoped and prayed you'd get better
But then you passed away.
Even though you were very old
We still fight back the tears
They all knew you we loved so much
You were so very dear.
Now Sugar has his buddy
He must have wondered what took so long
Seven years has quickly passed since we lost him
And now you're gone.
I remember when you fetched paper
I'd crumple it into a ball,
"There you go Spice, go get it,"
Everytime I called.
I picture walking down the street,
To visit a neighbour or two,
And I'd look back and chuckle
Here comes Sugar and Spice too.
Have fun and hold each other again
Just like you used to do
And run and play in the tall green grass
Lay peaceful with no pain.
You always followed me from room to room,
And even into bed
As soon as you got comfortable,
You'd purr right at my head.
I'd say "How are you my little man?"
You're getting old, I know
Hang in there, you'll be twenty soon"
But it was time to go.
You'll always stay in my heart,
Forever on my mind
You were my special buddy
You are my Valentine.

Terribly missed, Love, Mom and Paul, Sarah, Gordie, Michael and Matt, Cheryl, Valerie & Jaclyn. XO
Thanks to Dr Hogg, Taunton Rd. Animal Clinic, Oshawa (Sugar 1986) and Dr. P.J. Bennett, Minden Animal Clinic (Spice - 1993).

CARDS OF THANKS

The family of the late Annie Miscio would like to thank Gordon Monk Family and Funeral Home, minister Harold Morgan, Dr. Good, Dr. Moga, Haliburton Hospital nurses and staff, ambulance attendants Pat Kennedy and Ian Douglas, County Home Care, V.O.N., friends and neighbours for the care and compassion given to Mom, Grandma during her 93 years. Our Lady of Fatima Catholic Church, Mike and Anne Maher, Miranda Vercesi, Marlene Mestroni, Betty Saulnier and Zetta Little for serving the luncheon. To her son-in-law Ron Lawson for the eulogy. Your thoughtfulness is gratefully appreciated.
"Treasure your memories as we cherished Mom, Grandma."
The Miscio Family.

On behalf of the Minden Skating Club and the "Meet to Skate" committee, we thank ALL of the sponsors who gave us their support, to the Accountants and judges for their expertise and efficiency, to the volunteers who gave their time or donated food. A special thank you to the Meet to Skate Committee and the Minden Skaters who always seem to put it together enabling us to host this successful event each year. This is greatly appreciated.

**Linda Schrader,
Meet to Skate Chairperson.**

IN MEMORIAM

HUGHES, Robert J. (Bob) - in loving memory of our dear husband and father who passed away February 14, 1991. Softly the leaves of memory fall, Gently I gather, treasures them all, Some may forget now that you've gone, But we will remember, no matter how long. Thought of every day by Bertha and children.

IN MEMORIAM

BROWN, William - In loving memory of a dear husband, father and grandfather who passed away February 11, 1991. Loving and kind in all his ways, Upright and just to the end of his days, Sincere and kind in heart and mind, What beautiful memories he left behind.

Always remembered by his wife Sherin, daughters Suzy and Mary, son Bill, daughter in law Jill and grandchildren Paige, Jessica and Logan.

ADAMS, Myrtle - In loving memory of a dear Mother and Grandmother who passed away February 9, 1992.

Her suffering ended with the day Yet lived she at its close And breathed the long, long night away

In statue-like repose. But when the sun in all its state Illumed the eastern skies She passed through Glory's morning gate And walked in Paradise. Forever loved and missed by daughter Dolly and granddaughter Linda.

ADAMS, Myrtle - In loving memory of a dear grandmother and great-grandmother who passed away February 9, 1992. Where have you gone since yesterday-

And left us so lonely here? Today you seem so far away Who yesterday was near. No map of ours that we may use, Your journey can we trace; We only know you've reached your Home And seen your father's face. Lovingly remembered by granddaughter Carol and her husband Mark. Especially missed by great-grandchildren Kyle and Katlyn.
